General Motors

Manufacturer Safety recall issued

- NHTSA #21V054
- Recall #N212328800
- FRONT PASSENGER AIRBAG TAKATA INFLATOR - PRIORITY
- GROUP 10
- Status: Remedy Not Yet Available

Locate an authorized [General Motors dealer](#) to obtain more information about this recall.

- [Learn more about this recall](#)

Description: TK Holdings Inc. (Takata) has decided that a defect which relates to motor vehicle safety exists in the passenger-side frontal airbag inflators installed as original equipment in certain 2007 to 2014 model year Cadillac Escalade, Escalade ESV, and Escalade EXT vehicles; certain Chevrolet Avalanche, Silverado 1500, Silverado 2500/3500, Suburban, and Tahoe vehicles; and certain GMC Sierra 1500, Sierra 2500/3500, Yukon, and Yukon XL vehicles. The determination was made that the propellant in these inflators may degrade after long-term exposure to high humidity and temperature cycling, which could cause the inflator to rupture during a deployment.

An inator rupture may cause metal fragments to pass through the airbag and into the vehicle interior at high speed, which may result in injury or death to vehicle occupants.

Remedy: Dealers will replace the passenger-side frontal airbag inflator.

Glossary

Damage Indicator

Damage can be a result of many different types of events. Examples include contact with objects (other cars, trees, traffic signs, road debris, etc), vandalism, or weather-related events. Not every damage event is reported to CARFAX. As details about the damage event become available, those additional details are added to the CARFAX Vehicle History Report. CARFAX recommends that you have this vehicle inspected by a qualified mechanic.

- This CARFAX Vehicle History Report is based only on information supplied to CARFAX and available as of 8/4/21 at 4:10:50 PM (CDT). Other information about this vehicle, including problems, may not have been reported to CARFAX. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

Damage Severity

Damage events result in one of the following severity levels:

- Minor: Generally, minor damage is cosmetic (including dents or scratches), may only require reconditioning, and typically does not compromise a vehicle's operation and/or safety.
- Moderate: Moderate damage may affect multiple components of the vehicle and may impair the vehicle's operation and/or safety.
- Severe: Severe damage usually affects multiple components of the vehicle and is likely to compromise the vehicle's operation and/or safety.

CARFAX recommends getting a pre-purchase inspection at a certified collision repair facility.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform owners of car defects that have come to the manufacturer's attention. Recalls also suggest improvements that can be made to improve the safety of a particular vehicle. Most manufacturer recalls can be repaired at no cost to you.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Rental

Vehicle was registered by a rental agency.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

WARRANTIES FOR THIS VEHICLE:

AS IS - NO DEALER WARRANTY

THE DEALER DOES NOT PROVIDE A WARRANTY FOR ANY REPAIRS AFTER SALE.

DEALER WARRANTY

FULL WARRANTY.

LIMITED WARRANTY. The dealer will pay 100% of the labor and 100% of the parts for the covered systems that fail during the warranty period. Ask the dealer for a copy of the warranty, and for any documents that explain warranty coverage, exclusions, and the dealer's repair obligations. *Implied warranties* under your state's laws may give you additional rights.

SYSTEMS COVERED:

Engine Unit
 Transmission Unit
 Steering Unit
 Brake Pads and Shoes

DURATION:

90 Days or 3000 Miles. Whichever comes first.
 90 Days or 3000 Miles. Whichever comes first.
 90 Days or 3000 Miles. Whichever comes first.
 90 Days or 3000 Miles. Whichever comes first.

NON-DEALER WARRANTIES FOR THIS VEHICLE:

- ☐ MANUFACTURER'S WARRANTY STILL APPLIES. The manufacturer's original warranty has not expired on some components of the vehicle.
- ☐ MANUFACTURER'S USED VEHICLE WARRANTY APPLIES.
- ☐ OTHER USED VEHICLE WARRANTY APPLIES.

Ask the dealer for a copy of the warranty document and an explanation of warranty coverage, exclusions, and repair obligations.

- ☐ SERVICE CONTRACT. A service contract on this vehicle is available for an extra charge. Ask for details about coverage, deductible, price, and exclusions. If you buy a service contract within 90 days of your purchase of this vehicle, *implied warranties* under your state's laws may give you additional rights.

ASK THE DEALER IF YOUR MECHANIC CAN INSPECT THE VEHICLE ON OR OFF THE LOT.

OBTAIN A VEHICLE HISTORY REPORT AND CHECK FOR OPEN SAFETY RECALLS. For information on how to obtain a vehicle history report, visit ftc.gov/usedcars. To check for open safety recalls, visit safercar.gov. You will need the vehicle identification number (VIN) shown above to make the best use of the resources on these sites.

SEE OTHER SIDE for important additional information, including a list of major defects that may occur in used motor vehicles.

Si el concesionario gestiona la venta en español, pídale una copia de la Guía del Comprador en español.

Vehicle Facts: New for 2013, GMC Yukon expands the color selection and adds powertrain grade braking in normal transmission mode * GMC Yukon comes in a 5-door body style and is available in SLE, SLT, Denali, Hybrid, Hybrid Denali, XL 1500/2500 SLE, XL 1500/2500 SLT, and XL Denali trim levels in 4X2 or 4X4 drive configurations (Denali is available in 4X2 or AWD configurations) * GMC Yukon SLE and SLT are powered by an LMG/LC9 Vortec OHV 16-valve V8 engine with a gasoline rating of 320 HP at 5400 RPM with a torque rating of 335 lb.-ft. at 4000 RPM and an E85 rating of 326 HP at 5300 RPM with a torque rating of 348 lb.-ft. at 4400 RPM coupled with a 6-speed automatic transmission * Yukon Denali and XL Denali are powered by an L94 Vortec 6.2-liter OHV 16-valve V8 engine rated at 403 HP at 5700 RPM with a torque rating of 417 lb.-ft. at 4300 RPM coupled with a 6-speed automatic transmission * * REASONS TO BUY: Variable valve timing allows linear delivery of torque, providing near-peak torque levels across a broad RPM range and reduces emissions * 5.3-liter engines and 6.2-liter engines come with Active Fuel Management technology which disengages four of the engine's eight cylinders under light load conditions and seamlessly reactivates when more power is required to save fuel * A stiff frame reduces vibration to the passenger cabin * The Denali and SLT (not available on XL 2500 SLT) come with an Autoride suspension system which features bi-state real-time damping to provide a refined ride and reduced body motion * All Yukon engines feature FlexFuel capability, for flexibility in fuel choice * StabiliTrak helps the driver maintain control of the vehicle in sudden maneuvers, particularly in low traction conditions; if the system determines that the vehicle is not responding appropriately to the driver's steering, StabiliTrak precisely reduces engine torque and applies precise amounts of pressure to the individual brakes to slow the vehicle and help bring it back to its intended path * Driver & front passenger second generation airbags meet federal standards for reduced airbag deployment force while providing added protection in the event of a collision * 4-wheel disc brakes and anti-lock braking system provide better stopping power and help prevent wheel lockup, adding control during emergency stopping * Standard head curtain airbags stay inflated longer to protect occupants in the event of a rollover * Available Ultrasonic Rear Parking Assist detects certain stationary objects in the rear path of the vehicle and produces an audible warning sound * Available Rearview camera system provides the driver with a view of people or objects in the rearward path of the vehicle * Seatbelt pretensioners minimize forward movement during a collision while load-limiting retractors cinch the belt more tightly * A strong body structure is designed to absorb energy in the event of a crash to provide a sort of safety cage around the occupants *

Angie's list 1030 E. Washington St. Indianapolis, IN 46202

Angie's List connects serious consumers searching for quality service providers. Members pay or access to providers offering the best service based on the feedback of other members.

"I have used them for about 35 years and I think they are excellent! Their prices are reasonable, and they do excellent work! They are very pleasant people. They are professional and on time."
