First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

Vehicle Facts: After receiving extensive revisions in 2012, the Honda Ridgeline returns for 2013 with the addition of a rearview camera * Honda Ridgeline comes in a 4-door cab design with 5-passenger seating and a re-configurable second row seat to better accommodate people or cargo * Ridgeline's 5-foot cargo bed features eight integrated heavy-duty tie-down cleats allowing for a 1,100 pound bed payload capacity * The Ridgeline cargo bed features an exclusive and weather-tight In-Bed Trunk with a volume of 8.5 cubic-feet of space * Vehicle Stability Assist with Traction Control, side curtain airbags with rollover sensor, front side airbags and pedestrian safety design are all standard on the Ridgeline * The Ridgeline is powered by a 3.5-liter SOHC 24-valve VTEC V6 engine that produces 250 HP at 5700 RPM with a torque rating of 247 lbs.-ft. at 4300 RPM, coupled with a 5-speed automatic transmission and standard 4-wheel drive ** REASONS TO BUY: Steel-reinforced composite bed is constructed of Sheet Molding Composite (SMC) which is an exceptionally strong mixture of fiberglass and vinyl resin to offer strength and weight advantages * The dual-action tailgate swings down like a normal tailgate but also swings to the side to allow for easy loading/unloading of the In-Bed Trunk * MacPherson Strut Front suspension combined with Multi-Link rear suspension provides a refined on-road ride, and a stable planted feel, responsive steering and cornering * the rugged closed-box frame is integrated with the unit-body construction to provide a smooth ride * The 4-wheel Drive System has sensors that continually monitor traction at each wheel and send data to the system to instantly distribute torque to all four wheels to maintain optimum traction * Anti-lock brake system features a 4-channel design so each wheel is controlled individually * Ridgeline's body structure is designed to be highly rigid for enhanced protection in the event of a crash * Front and rear crumple zones absorb and dissipate crash energy * Brake Assist helps apply maximum braking in emergency braking situations * Electronic Brake Force Distribution varies the brake force at each wheel which can be helpful when hauling uneven loads * Vehicle Stability Assist monitors traction and automatically corrects oversteer or understeer to keep you on your intended path by applying brake force to a wheel with low traction and direct driving force to wheels with more traction * Standard Tire Pressure Monitoring System continually checks the pressure at each tire and will alert the driver when a particular tire has low pressure * Airbag rollover sensor can detect different rollover scenarios and then deploy the side curtain airbags appropriately * Available moonroof is designed to minimize wind buffeting when open * 60/40 split rear seat offers configuration options for more people or cargo storage *
