Glossary

[View Full Glossary](#)

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform owners of car defects that have come to the manufacturer's attention. Recalls also suggest improvements that can be made to improve the safety of a particular vehicle. Most manufacturer recalls can be repaired at no cost to you.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

Vehicle Facts: The GMC Terrain — all new for 2010 — returns with new exterior colors for 2011 * GMC Terrain is a 5-passenger crossover sport utility vehicle delivering high estimated fuel economy, a comprehensive package of premium features and an emphasis on passenger safety and comfort * GMC Terrain shares its platform and design with Chevrolet Traverse * A new 2.4-liter 4-cylinder engine features direct injection and an Eco mode that is activated via a console-mounted button; when engaged it lowers the torque converter lockup speed to 1125 RPM to help save fuel on models equipped with the 2.4-liter engine * GMC Terrain comes in a sport utility vehicle body style in SLE-1, SLE-2 SLT-1 and SLT-2 trim variations, with a choice of 2.4-liter 4-cylinder or 3.0-liter V6 engines * All GMC Terrain models are available with a 2.4-liter DOHC I-4 Direct Injection engine rated at 182 HP at 6700 RPM with a torque rating of 172 lbs.-ft. at 4900 RPM * All GMC Terrain models excluding the SLE-1 are available with a 3.0-liter DOHC V6 engine rated at 264 HP at 6950 RPM with a torque rating of 22 lbs.-ft. at 5100 RPM * A Hydra-Matic 6-speed automatic transmission is available on both engines * All models are available with a choice of front-wheel drive or all-wheel drive * * **REASONS TO BUY:** StabiliTrak is an engineering advance designed to improve safety, stability and control on most road surfaces by employing sensors to read the position of the steering wheel, vehicle speed, brake pressure, lateral acceleration and turning rate * Terrain's brakes have a hill hold feature which keeps the vehicle from rolling backward when the driver removes his/her foot from the brake pedal when stopped on a hill * Direct injection is the culmination of a long evolutionary process by which engineers have moved the point of fuel introduction closer to the point of ignition for greater efficiency * In Terrain, fuel is injected directly into the combustion chamber, right next to the spark plug; digital sensors allow each injection of fuel to be precisely matched to power demand, resulting in cleaner burning and efficient operation * The Terrain's unibody construction makes extensive use of high-strength steel on primary load paths and works to route and absorb impact in the event of a collision * Terrain's structure is designed with front and rear crush zones engineered to collapse in a controlled manner to help absorb crash energy while helping to protect the integrity of the occupant compartment * The safety cage incorporates welded tubular section members that frame door openings and help support the roof, and steel members in the doors, helping reduce side impact intrusion * Energy-absorbing materials provide protection for occupants in the event of a collision * The standard tire pressure monitoring system assesses tire pressure, alerting the driver to a tire with low tire pressure to help avoid an unsafe driving condition *

WARRANTIES FOR THIS VEHICLE:

AS IS - NO DEALER WARRANTY

THE DEALER DOES NOT PROVIDE A WARRANTY FOR ANY REPAIRS AFTER SALE.

DEALER WARRANTY

FULL WARRANTY.

LIMITED WARRANTY. The dealer will pay 100% of the labor and 100% of the parts for the covered systems that fail during the warranty period. Ask the dealer for a copy of the warranty, and for any documents that explain warranty coverage, exclusions, and the dealer's repair obligations. *Implied warranties* under your state's laws may give you additional rights.

SYSTEMS COVERED:

- Engine Unit
- Transmission Unit
- Steering Unit
- Brake Pads and Shoes

DURATION:

- 90 Days or 3000 Miles. Whichever comes first.
- 90 Days or 3000 Miles. Whichever comes first.
- 90 Days or 3000 Miles. Whichever comes first.
- 90 Days or 3000 Miles. Whichever comes first.

NON-DEALER WARRANTIES FOR THIS VEHICLE:

- MANUFACTURER'S WARRANTY STILL APPLIES. The manufacturer's original warranty has not expired on some components of the vehicle.
- MANUFACTURER'S USED VEHICLE WARRANTY APPLIES.
- OTHER USED VEHICLE WARRANTY APPLIES.

Ask the dealer for a copy of the warranty document and an explanation of warranty coverage, exclusions, and repair obligations.

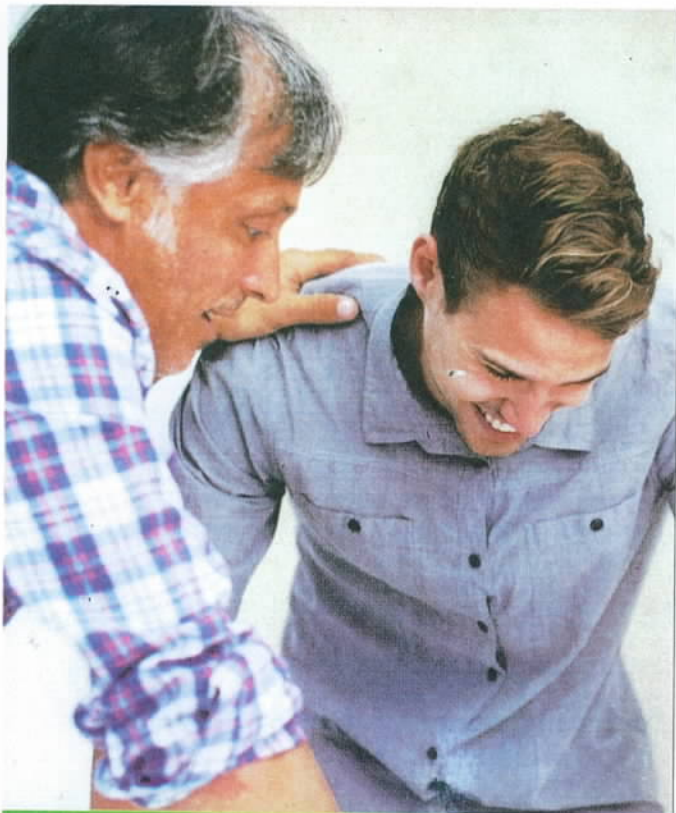

- SERVICE CONTRACT. A service contract on this vehicle is available for an extra charge. Ask for details about coverage, deductible, price, and exclusions. If you buy a service contract within 90 days of your purchase of this vehicle, *implied warranties* under your state's laws may give you additional rights.

ASK THE DEALER IF YOUR MECHANIC CAN INSPECT THE VEHICLE ON OR OFF THE LOT.

OBTAIN A VEHICLE HISTORY REPORT AND CHECK FOR OPEN SAFETY RECALLS. For information on how to obtain a vehicle history report, visit ftc.gov/usedcars. To check for open safety recalls, visit safercar.gov. You will need the vehicle identification number (VIN) shown above to make the best use of the resources on these sites.

SEE OTHER SIDE for important additional information, including a list of major defects that may occur in used motor vehicles.

Si el concesionario gestiona la venta en español, pídale una copia de la Guía del Comprador en español.
